The Erasmus+ Programme

Erasmus+ is the European Union (EU) program in the fields of education, training, youth and sport. Provides opportunities to study, train and gain work experience and perform volunteer work abroad, supporting cooperation and the development of partnerships between Higher Education Institutions (HEI) in Europe and other parts of the world.

PEERS 2024 - International Credit Mobility

The International Credit Mobility (ICM) is part of the Key Action 1 of the Erasmus + Program and allows a HEI in a Programme country to send/receive students, teaching and non-teaching staff to study, teaching and training missions to/from an HEI in a Partner country.

PEERS is the result of a partnership between Universidade do Minho (Coordinator), Universidade de Aveiro, and Universidade de Évora and allows the 3 Higher Portuguese Institutions to receive/send students, teaching and non-teaching staff from/to 6 partner countries – Albania, Armenia, Bosnia & Herzegovina, Georgia, Kosovo and Ukraine.

PEERS 2024 has a total of **85 scholarships/grants**:

- 35 scholarships for students from partner countries to study at PEERS institutions (SMS IN), of which 8 are destined to students with fewer opportunities;
- 4 scholarships for students from PEERS institutions to carry out a mobility period at HEIs in partner countries (SMS OUT);
- 27 grants for staff from partner countries to PEERS institutions (STAFF IN);
- 19 grants for staff from PEERS institutions to HEIs in partner countries (STAFF OUT).

This call also includes **28 available scholarships/grants** within the PEERS 2023 project.

- 17 scholarships for students from partner countries to study at PEERS institutions (SMS IN);
- 10 grants for staff from partner countries to PEERS institutions (STAFF IN);
- 1 grant for staff from PEERS institutions to HEIs in partner countries (STAFF OUT).

II – General Eligibility Criteria

To be eligible for an Erasmus+ scholarship under this project, **all participants must be linked, during the application stage until the moment the mobility takes place, either to one of the Portuguese Universities involved in the PEERS Consortium or to a Partner University.**

Students: must be enrolled, full time, in an HEI in a level of studies leading to a recognized degree or a tertiary level of recognized qualification.

Undergraduate and Integrated Master Studies: students must be enrolled at least in the second year of their higher studies to be eligible to undertake a period of mobility.

Master Studies: students must have completed at least one semester at the home HEI before completing a period of mobility.

Doctorate Studies: students must have completed at least one year of studies and already have a research project.

Teaching and non-teaching Staff: must have a contractual relationship with one of the Portuguese Universities involved in the PEERS Consortium or a partner HEI in order to be eligible to apply for a scholarship.

Teaching mobilities: an activity that allows teaching staff to teach in a partner HEI abroad. Mobility of teaching staff can occur in any common area of study/academic discipline. These teaching periods should last for a minimum period of five (5) days and involve at least eight (8) hours of teaching.

Training mobilities: an activity that supports the professional development through training events abroad (excluding conferences) and periods of job shadowing/observation/training at a partner HEI. In the case of UMinho, priority will be given to training periods involving non-teaching staff.

All applicants must receive formal support from their home HEI by issuing a letter/e-mail of support or by signing the Mobility Agreement (this document is mandatory at the application stage).

Erasmus+ allows students to complete different mobility periods, provided that the maximum duration of 12 months per study cycle is respected. Teaching and non-Teaching Staff may make several mobilities, provided that they are properly substantiated and submitted within different calls. Each candidate must submit only one (1) application online, indicating a maximum of three (3) options. Once the application has been submitted, no modifications will be possible. Please ensure that all information is correct before submitting the application.

In case the amount allocated is insufficient to pay for the desired trip, the grant holder must find other sources of funding.

All selected participants are responsible for purchasing their own travel ticket, always respecting the mobility dates established and the minimum stay at the host HEI. In the case of students, the beginning of the mobilities will be February 2026 or September 2026.

IV- Evaluation and Selection of Candidates

Selection Procedure

1. Receiving the application
2. Validation by the home HEI
3. Assessment by the home HEI and by the host HEI
4. Selection of candidates
5. Confirmation by host HEI
6. Notification of the decision
7. Settling of the final mobility dates

PEERS Consortium will be responsible for receiving and validating all applications submitted within the above-mentioned deadline. For partner HEIs applications, it will be up to each foreign HEI to validate and assess its candidates. Afterwards, all applications with a positive assessment will be forwarded for the analysis of potential host Schools/Institutes/Services of PEERS institutions, which may give a positive or negative evaluation to the applications. In the case of PEERS institutions, the candidates will initially be screened by the IRO in terms of eligibility, and subsequently submitted for evaluation of Academic Coordinators (for students and teaching staff) and relevant Schools/Institutes/Services (in the case of non-teaching staff). All applications that receive a positive evaluation from PEERS institutions will be forwarded for validation of their hosting HEIs. The final selection of all candidates will be made by the PEERS Consortium, where a jury, composed by one (1) member of each of the Portuguese Institutions involved in the PEERS consortium, will meet and decide the final award of the scholarships/grants, taking into account criteria such as: academic merit, relevance of the work plan, balanced distribution of scholarships between Partner HEIs, participants from disadvantaged background and/or with fewer opportunities, among other. The results will be communicated via email and will be published in the online page of the project: https://alunos.uminho.pt/EN/students/mobilityprograms/Pages/PEERS_documentos.aspx

V- Participants with Fewer Opportunities

The Erasmus+ Programme Guide (2024, page 455) “People with fewer opportunities means people who, for economic, social, cultural, geographical or health reasons, a migrant background, or for reasons such as disability and educational difficulties or for any other reasons, including those that can give rise to discrimination under article 21 of the Charter of Fundamental rights of the European Union, face obstacles that prevent them from having effective access to opportunities under the programme”.

The Erasmus+ Programme aims at promoting equity and inclusion by facilitating access to participants with fewer opportunities compared to their peers. Therefore, in the selection process, in case of equivalent evaluation, **preference should be assigned to participants with fewer opportunities.**

Type of barriers that can hinder the participation in Erasmus+ mobility projects:

Social barriers: Social adjustment difficulties such as limited social competences, anti-social or high-risk behaviours, (former) offenders, (former) drug or alcohol abusers, or social marginalisation may represent a barrier. Other social barriers can stem from family circumstances, for instance being the first in the family to access higher education or being a parent (especially a single parent), a caregiver, a breadwinner or an orphan, or having lived or currently living in institutional care.

Economic barriers: Economic disadvantage like a low standard of living, low income, learners who need to work to support themselves, dependence on the social welfare system, in long-term unemployment, precarious situations or poverty, being homeless, in debt or with financial problems, etc., may represent a barrier. Other difficulties may derive from the limited transferability of services (in particular support to people with fewer opportunities) that needs to be "mobile" together with the participants when going to a far place or, all the more, abroad.

Barriers linked to discrimination: Barriers can occur as a result of discriminations linked to gender, age, ethnicity, religion, beliefs, sexual orientation, disability, or intersectional factors (a combination of two or several of the mentioned discrimination barriers).

Geographical barriers: Living in remote or rural areas, on small islands or in peripheral/outermost regions, in urban suburbs, in less serviced areas (limited public transport, poor facilities) or less developed areas in third countries, etc., may constitute a barrier.

A Declaration (template available [here](#)) dated and signed by the sending institution and the student, must be submitted at the application phase, otherwise candidates will not be considered as participants with fewer opportunities.

Mobility Implementation

I – Obligations of Home and Host Institutions

Travel – All selected participants are responsible for purchasing their own travel ticket, always respecting the periods established for the mobility. The payment of the travel amount will be defined in the mobility agreement that will be signed between PEERS institutions and the grant holders.

Stay Allowance - A mobility agreement is signed between PEERS and the grant holder who defines the conditions, benefits and responsibilities related to the implementation of the project, as well as the schedule of the payments covered by the scholarship/grant.

Visas - When necessary, it is the responsibility of the scholarship holder to obtain a visa in their country of origin, always supported by the International Relations Offices. Each host HEI shall issue the appropriate documents for selected students/staff to apply for a visa in accordance with national laws.

Insurance - PEERS provides insurance for students and teaching and non-teaching staff (including civil liability, accidents and serious illnesses, death and travel insurance, if relevant), always safeguarding compliance with the national and international legislation in force in this matter and regarding international economic, financial or trade sanctions that may be imposed in particular countries and which can have an impact on the issuing of insurance policies.

Recognition – In the case of students' mobility, it is mandatory that all partner HEIs consider the study period undertaken abroad as an integral part of the study programme developed in the home HEI. The home HEI of the scholarship holder must guarantee the full academic recognition (including exams and other forms of evaluation) of the study period undertaken at the host HEI, through the signature of the Learning Agreement, as long as the student has obtained a passing grade. Students must assure that the study plan is discussed with the responsible professor before the departure to the host HEI and that all the necessary documents for the validation (recognition) process are provided in due time to the home HEI.

The sending and hosting HEIs should organize preparation sessions and integration activities for the grant holders as well as to support them in their search for accommodation and guarantee access to all the services offered by the universities.

II – Obligations of Grant Holders

PEERS reserves the right to request the total/partial reimbursement of the payment of the scholarship/grant if:

- The grant holder withdraws from the project in case of force majeure;
- The grant holder does not comply with the internal regulations of the host HEI;
- The grant holder does not comply with the internal regulations established by the home HEI;
- The grant holder leaves the host HEI;
- The grant holder doesn't fulfil the requirements of his study/work program;
- The grant holder does not meet the minimum mobility periods established by the Program.

Other obligations:

- The grant holder cannot accept any other mobility grant awarded by the European Union, during the current scholarship/grant period;
- The grant holder must inform the sending and host HEIs of any change in relation to the study/work period. If this happens, a new Learning Agreement/Work programme must be signed;
- At the end of the mobility period, all scholarship holders will receive the Transcript of Records detailing the results achieved. All students must obtain a positive mark in all subject areas/activities foreseen in their study program. In case this criterion is not fulfilled, PEERS will consult the European Commission and the Legal Department in order to identify the procedures to be followed, which may result in the return of the scholarship;
- Teaching and non-teaching staff must comply with the established program. Failure to do so may result in return of the grant;
- The grant holder is compelled to communicate (by e-mail) to the sending and receiving HEIs any difficulties experienced during the period of mobility, such as: language barriers; integration with colleagues; communication with teachers; difficulty in obtaining study materials; health insurance; accommodation; etc.
