

Universidade do Minho

It is with great pleasure that we welcome you to the University of Minho and thank you for choosing our Institution. Your time at UMinho will be a very important step, not only in your academic journey but also in your personal growth.

We are part of a dynamic, open, and diverse community of over 20,000 students, based in two of Portugal's main cities – Braga and Guimarães – both young, welcoming, and culturally vibrant.

From the 30th of January to the 13th of February, the Orientation Programme will take place, a key initiative for your integration into academic life and the university community. This program brings together a wide range of activities organized by the International Relations Office, our Schools, Institutes, and other relevant support units, aimed to welcome you and help you get to know the university and your fellow students.

We hope that this mobility experience will be truly enriching and memorable.

Welcome to UMinho!

Pedro Arezes
Rector of University of Minho
